The home of charging
Terra DC wallbox

Developed with leading electric vehicle manufacturers, trusted by energy suppliers and governments, the Terra DC wallbox makes fast charging safe, smart and future-compatible. Backed by 130 years of innovation and a decade in e-mobility, the DC wallbox supports the continuous advance of electric vehicles.

Intelligent design: compact, convenient, connected
- Space-savings with easy-to-install design
- User-friendly interface for convenient charging
- Broad range of connectivity options

Future-proof: ROI maximized
- Fully compatible with current and future EVs
- Remote software updates
- Smart functionality means optimized and cost-efficient charging

Safety: built-in protection
- Evaluated and tested to the highest independent standards
- Safe for use in residential settings
- Integrated ground-fault and trip protection
