LOADING A NEW ROLL CHART

1. Press [ ] until the SECURITY ACCESS page is displayed.
2. Set the access code for the LOAD CHART page (the default is 0).
3. Select the LOAD CHART page.
4. Press [ ] to select the START RELOAD frame.
5. Press [ ] to rewind the chart.

Note.
The chart rewinds at high speed. **DO NOT** stop the chart until automatic rewind is complete.

6. If the chart is fully rewound before the motor stops, press the [ ] key.
   If the motor stops before the chart is fully rewound, press and hold [ ] until the remaining chart is rewound onto the removeable spool.

**Caution.** Once chart loading is complete, ensure the correct chart type is set in the Chart Control Configuration Page – see Section 5.3.1 in the User Guide.
