FUNCTIONAL OVERVIEW

Storage furniture

Functional furniture that creates a clean working space for operators.

With the same quality and design as the operator desk systems, the Storage Furniture is designed to work side by side with the operators and equipment in the control-room. These products give smart solutions to store objects that aren’t needed on a daily basis, giving the operators a clean working space.

1. Mobile Storage Large
2. Mobile Storage Small
3. Shelf Combo 860
4. Printer Desk Drawer
5. Cabinet 860
6. Storage Drawer
(See inside for details)
1. **Mobile Storage Large**

The Mobile Storage is a good and simple way to keep the control room clean from files and other objects that aren’t needed on a regular basis. At the same time, the product can function as a desk having standing meetings or discussions over. The 4 lockable wheels makes it easy to move the product to different locations to fit the current needs. For example, the Mobile Storage can be placed to create different zones in the control-room.

**Features**
- Stores up to 6,2 linear meters of files
- Lockable Wheels for a Fixed Placement
- Sturdy 19 mm MFC body in NCS S6500-N (Dark Grey)
- Durable 28 mm MDF top-board covered with high pressured laminate:

3. **Shelf Combo 860**

The Shelf combination furniture is ideal to store files, documentation, manuals and accessories. Files that needs to be within reach can be stored in the shelf while less important documents can be placed in the cabinet. To meet different needs, all shelves are adjustable in height. Valuable small-sized equipment and objects can be secured in the lockable drawer.

**Features**
- Stores up to 1,6 linear meters of files in the shelf unit and 1,6 linear meters of files in the cabinet unit
- Height adjustable shelves
- Lockable drawers for secure access
- Sturdy 19 mm MFC body in NCS S6500-N (Dark Grey), doors and drawers in NCS S4500-N (Arctic Grey)
4. Printer Desk Drawer
The generous desk area allows 2 printers or equivalent to be placed on top of the desk. The integrated shelf below the top-board accommodates important documents and files for easy access. Other files, small-sized equipment and objects that need to be stowed away can be placed in the lockable drawers.

Features
- Generous space for 2 document printers or equivalent on the top-board
- Lockable drawers in different sizes for secure access
- Integrated shelf below top-board
- Sturdy 19 mm MFC body in NCS S6500-N (Dark Grey) and drawers in NCS S4500-N (Arctic Grey)
- Durable 28 mm MDF top-board covered with high pressured laminate:

Other colors are available on request

5. Cabinet 860
The Cabinet stores files, manuals, documentation and other documents that needs to be stowed away in the control-room. The product comes in different configurations with 1, 2, 3 or 4 cabinets next to each other. To meet different needs, all shelves are adjustable in height.

Features
- Stores up to 1.6 linear meters of files in each cabinet
- Height adjustable shelves
- Sturdy 19 mm MFC body in NCS S6500-N (Dark Grey) and doors in NCS S4500-N (Arctic Grey)
- 28 mm MDF top-board covered with high pressured laminate:

Other colors are available on request

6. Storage Drawer
The Storage Drawer is ideal for storing files, documents, small-sized equipment and accessories that needs to be stowed away in the controlroom. The product can be ordered with a number of different top-board shapes. The drawers in different sizes makes it possible to store objects in a structured way. The Storage Drawer can also be locked for secure access.

Features
- Lockable drawers for secure access
- Sturdy 19 mm MFC body in NCS S6500-N (Dark Grey) and drawers in NCS S4500-N (Arctic Grey)
- 28 mm MDF top-board covered with high pressured laminate:
