PRODUCT LIFE CYCLE ANNOUNCEMENT

ACS600 multidrive (air-cooled)

The ABB life cycle management model is designed to manage an orderly transition to new replacement products or to choose from various lifetime extending services. At the same time the model ensures access to continuing support for our customers.

**Current life cycle status**
The ACS600 multidrive (air cooled) is in the Classic phase since 1.1.2004, according to the ABB life cycle model outlined above.

**Life cycle plan**
ACS600 multidrive (air cooled) will be transferred to the Limited phase 1.1.2022.

**Product availability in Limited phase**
The product is no longer available.

**Service availability in Limited phase**
