

ABB Learning Zone 2013 Courses Calendar

Course Code	Course Description	Days	Course Dates	Cost
T308	System 800xA with AC800M –Hardware Maintenance and Troubleshooting	5	17-21 March / 21-25 April / 20-24 October	On request
T309	System 800xA Safety - AC800M High Integrity Configuration and Maintenance	4	4-7 March/ 17-20 June / 28-31 October	On request
T315C	System 800xA Engineering using Control Builder	5	3-7 February / 17-21 February / 15-19 September / 29 Sept-3 October	On request
T315H	System 800xA HMI Configuration	5	10-14 March/ 6-10 October	On request
T321	System 800xA for Harmony Configuration	5	10-14 February	On request
M111	Harmony Rack I/O with Composer	5	24-28 March	On request
M201	Symphony Harmony Basic with Composer	5	7-11 April	On request
M202	Symphony Composer Engineering Tools	5	23-28 June	On request
M211	S800 I/O for Harmony Controllers	5	9-14 June	On request
M304	Harmony Function code Configuration	5	23-27 June	On request
T142	Functional Safety TUV Certification	4	29 April- 03 May / 11-14 November	On request
E143	800xA Troubleshooting Core System	5	19-24 May	On request
E144	800xA System Health Check	5	26-30 May	On request
T560	Freelance (AC 800F) –Maintenance and Configuration	5	12-17 May	On request
T568	Freelance System Engineering	5	07-11 April /22-26 September	On request
T561	Freelance - Operation with Digivis	2	14-15 April	On request
T317	Foundation Fieldbus		On request	On request
T315F	System 800xA Engineering using Function Designer	5	On request	On request
M302	INFI 90 BATCH 90 Language	5	On request	On request
M203	Conductor NT HMI Configuration	5	On request	On request
SC300E	Triguard Training course CS300E	3	On request	On request
AR104	Plantguard Basic Engineering and Maintenance	5	On request	On request
GPBG01	Plantguard Maintenance and Trouble shooting	5	On request	On request
GPBG02	Plantguard Engineering	5	On request	On request
GPBG03	Plantguard Administration	3	On request	On request
T530	Compact Control Builder AC 800M - Configuration	5	On request	On request
T310	System 800xA HMI Operation	2	On request	On request
Z457	NGC8201 + NGC8206 / PGC1000	5	23-29 March / 22-28 June / 14-19 July / 20-26 September / 13-17 October	On request
Z401/460	PGC2000 + VistaNet	5	13-19 April	On request
Z516	CGA Advance Optima	5	26-30 May / 22-27 August/ 03-08 November	On request
ABB Tropos	Certification Training	4	07-10 April / 06-09 April	On request
Training for professional Engineers	Process Safety management leadership	2	On request	On request
Training for professional Engineers	Safety Management best practice	5	On request	On request
Training for professional Engineers	An Understanding of Process Safety Management Systems	2	On request	On request
Training for professional Engineers	Hazard Study Awareness	3	On request	On request
Training for professional Engineers	Hazard Study Leader's course	5	On request	On request
Training for professional Engineers	Human Factors Incident Investigation	2	On request	On request
Training for professional Engineers	Alarm Management	3	On request	On request
Training for professional Engineers	Safety Integrity Level (SIL) Determination	3	On request	On request
Training for professional Engineers	Electrostatic Ignition Hazards	2	On request	On request
Training for professional Engineers	Managing Deterioration of Process Equipment	3	On request	On request
Training for professional Engineers	Managing Asset Life Planning	4	On request	On request
Training for professional Engineers	Essentials of Pressure Systems	3	On request	On request
Training for professional Engineers	Design and operation of Piping Systems	3	On request	On request
Training for professional Engineers	Pressure Relief	4	On request	On request
Training for professional Engineers	Mechanical Failures of Rotating Equipment	4	On request	On request
Training for professional Engineers	Machine Condition Monitoring and Predictive Maintenance	2	On request	On request

Training for professional Engineers	Reliability Improvement Tools Workshop	3	On request	On request
Training for professional Engineers	Root Cause Analysis	2	On request	On request
Training for professional Engineers	Critical Analysis and FMECA	2	On request	On request
PLC	AC500 Basic Training	2	08-09 April / 07-08 September	On request
G156	ACS800-X7 single drive, start-up, maintenance and service hands-on training	2	20-21 February / 20-21 March / 16-17 April / 08-09 May / 11-12 September / 13-14 November	On request
R106	IRC5 Operator Course(Robotics)	2	25-26 May / 26-27 June	On request
INTCV163	Operation and Maintenance of Distribution Transformers	2	On request	On request
P114	REF542plus Feeder Protection & Control IED - Operation & Maintenance	3	04-07 March / 01-03 July / 29-30 October / 23-25 December	On request
P261	Relion® 615 Series - Operation & Engineering	2	10-11 March / 09-10 June / 22-23 September / 08-09 December	On request
P263	Relion® 630 Series - Operation	1	12 March / 11 June / 24 September / 10 December	On request
P264	Relion® 630 Series - Programming	2	13-14 March / 12-13 June / 25-26 September / 11-12 December	On request
P269	Relion® PML630/cPMS - Programming	4	18-21 March / 17-20 June / 30 Sept-03 October / 16-19 December	On request
P232	REF 543/545 - Operation	1	On request	On request
P233	REF 543/545 - Programming	2	On request	On request
P235	REF 542plus - Operation	1	On request	On request
P236	REF 542plus - Programming	2	On request	On request
CZ021	Unigear ZS1 Operation and maintenance with VD4 and REFXXX	5	24-28 March / 23-27 June / 06-10 October / 22-26 December	On request
O406	Unigear ZS1 Installation and maintenance (on Site)	1	01-April / 04-July / 29-September / 15-December	On request
O401&O402	Unigear ZS1 switchgear introduction and operation	1	07-March/30-June/ 19-September /05-December	On request
G300	Gas Insulated Switchgear (GIS) ZX series - Operation and maintenance	2	25-26 February / 23-24 April / 18-19 June / 22-23 October	On request
TEC	Transformer online monitoring	1	04-March/01-July /18-September /16-December	On request
UAE750	SF6 Handling training (Local course)	1	On request	On request
