2.3 Requirements

2.3.1 Interpreter / compatibility
For all certified FOUNDATION Fieldbus Frame applications by Fieldbus Foundation.
Version 010101 was registered and is still released. In certain FF-host systems problems were discovered with DD5 file format. Version 010201 avoids language elements of DD5 which are not properly handled by those systems.

2.4 Installation and configuration
Start your Frame application and follow the instructions.

2.5 Known problems and limitations
- None known

2.6 Getting help / further information
- Help concerning the integration of the driver in the frame application can be found in the respective documentation of the frame application.
