

LCM ANNOUNCEMENT #1

# EPBP - S200 Miniature Circuit Breakers

## Active to Classic phase (Canada / USA markets)

—  
01 S200 new series of  
UL1077 / CSA C22.2  
No.235 MCBs

### S200 series active to classic announcement

Life cycle phase status for S200 and S200P will be changed from Active to Classic Phase in 12 months for US/CA markets.

The Classic Phase means that the products are no longer actively marketed, but they are still available for sale, e.g for spares or expansion of existing systems. The classic products will be withdrawn from the catalogues.

- No further enhancements are made to the classic products.
- **The Classic Phase** will last 3 months, then the products will enter in the Limited phase.
- **The Limited phase** will last 3 months and afterwards the product will enter in the Obsolete phase (end of manufacturing).
- After Limited phase, replacement of devices and expansion of existing system will be possible only with new product ranges.

ABB's products are designed for continuous evolution. It is ABB's goal to protect our customer's investment beyond the life-cycles of the underlying platform products. Life Cycle Management process is split into four steps in order to allow both ABB and the customers to properly manage the transition from Active to Obsolete in a long term way and avoid a too short swap which may generate critical situations.

### S200 / S200P series replacement

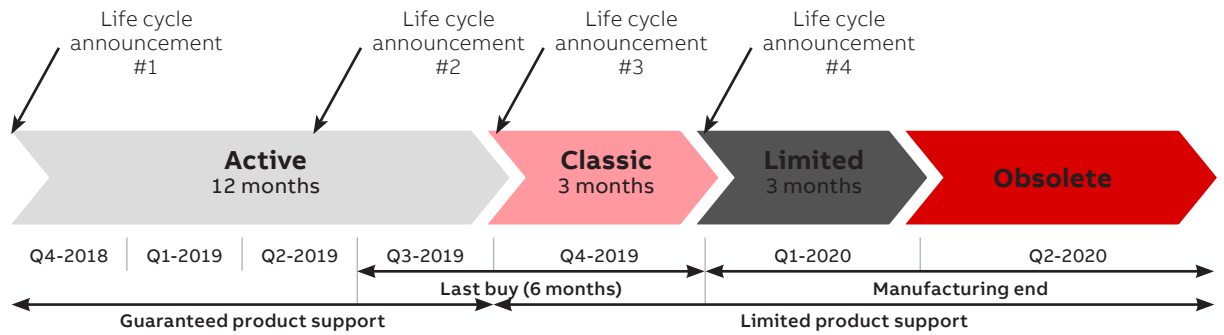

The planned replacement product are the new product range ST200M. Order code migration examples: S201-B10 becomes ST201M-B10. Collaterals will be available upon request:

- Cross reference guide (Excel)
- Price list (Excel)
- ST200M Datasheet

### LCM scheduled announcements

	New product announcement (ST200M)	12/01/ 2018
	S200 series price increase	
#1	LCM process starts	12/01/2018
#2	Last buy reminder	05/01/2019
#3	S200 series Classic status starts	10/01/ 2019
	S200 series price increase	
#4	S200 series Limited status starts	01/01/2020
	S200 series price increase	
	S200 series Obsolete status	04/01/2020

## S200 / S200P Life Cycle Process

Range	2018...2020			2019			2020			2020		
	Oct. 2018 to Sept. 2019			Oct.	Nov.	Dec.	Jan.	Feb.	Mar.	Apr.	May.	Jun.
S200 / S200P	A			C	C	C	L	L	L	O	O	O
ST200M	A			A	A	A	A	A	A	A	A	A

C: Classic, L: Limited, O: Obsolete, A: Available

### Required action (sales)

Sales have the responsibility to inform customers in order to offer them the proper transition time and to avoid any conflicts
