3.13 Customer is authorized to make any payments due to Supplier's employees and subcontractors performing Services, or providing Goods and/or Work Products under the Contract, in order to avoid lawsuits, liens or encumbrances. Such payments may be made through withholding Supplier's credits, through offsetting or in any other way. Supplier shall provide any support requested by Customer with regard to such payments and indemnify Customer for any payments made.

4. CUSTOMER'S RESPONSIBILITIES

4.1 In consideration of the Goods and/or Work Products delivered, or the Services provided by Supplier in accordance with the Contract, Customer shall pay to Supplier the purchase price stated in the Contract within the agreed payment terms provided the invoice fulfils the requirements of Clauses 3.4 and 3.5. In the event that the payment terms are determined by mandatory applicable law, such terms shall prevail.

4.3 Customer reserves the right to set off such amount owed to Supplier, or withhold payment for Goods, Services and/or Work Products not provided in accordance with the Contract.

4.4 The terms of payment are net cash within sixty (60) calendar days from the later of the date on which the correct invoice is received by Customer or the date on which the invoiced Goods, Services and/or Work Products are accepted by Customer. 5. DELIVERY, PERFORMANCE OF SERVICES

5.1 Unless agreed otherwise in the Contract, the Goods and/or Work Products shall be delivered in accordance with INCOTERMS 2010 FCA, to the place defined in the Contract, or, if no such place has been defined, to Customer's place of business.

Supplier shall state the accurate and complete Order number disclosed to Customer on all invoices (in particular but not limited to commercial, pro forma or customs invoices). Supplier shall be fully liable for all damages resulting from a breach of this obligation, in particular but not limited to damages for delay.

5.4 The Goods and/or Work Products shall be delivered, and Services shall be provided during Customer's business hours unless otherwise requested by Customer.

5.5 Upon Delivery, Supplier (or its appointed carrier) shall provide Customer, together with a delivery note, any other required export and import documents not mentioned in Clause 5.3. In the event that Customer has approved partial delivery, such delivery note shall also include the outstanding balance remaining to be delivered.

5.6 Ownership (title) of the Goods and/or Work Products shall pass to Customer at Delivery, except if agreed otherwise in writing. To the extent that the Goods and/or Work Products contain Embedded Software, ownership (title) regarding such Embedded Software shall not be passed to Customer, however Customer and all users shall have a worldwide, irrevocable, perpetual, transferable, non-exclusive, royalty-free right to use the Embedded Software as an integral part of such Goods and/or Work Products or for servicing either of them. In the event the Embedded Software or any part thereof is owned by a third party, Supplier shall be responsible for obtaining the respective software licences necessary from the third party before Delivery to comply with its obligations under the Contract.

6. ACCEPTANCE

6.1 Customer shall not be deemed to have accepted any Goods, Services and/or Work Products until it has had reasonable time to inspect or test them following Delivery or, in case a defect in the Goods, Services and/or Work Products was not reasonably detectable during the inspection, within a reasonable time period after such defect has be-

come apparent. Any obligation of Customer to inspect the Goods, Services and/or Work Products, shall be limited to quantity and type, and visible defects or damages resulting from transport.

6.2 The Parties may agree on a certain acceptance procedure, in which case acceptance shall be subject to Customer's explicit written acceptance statement. Supplier shall inform Customer in writing within a reasonable time period in advance when the Goods, Services and/or Work Products are ready for inspection, testing, or acceptance.

6.3 If any Goods, Services and/or Work Products do not comply with Clause 3 (Supplier's Responsibilities), or are otherwise not in conformity with the Contract, then, without limiting any other right or remedy that Customer may have under Clause 10 (Remedies), Customer may reject the Goods, Services and/or Work Products and/or request replacement by Goods, Services and/or Work Products conforming with the Contract or recover all payments made to Supplier.

7. DELAY

If the Delivery of Goods and/or Work Products or the provision of Services does not comply with the agreed date(s) then, without prejudice to any other rights which it may have, Customer shall have the right to:

7.1 terminate the Contract in whole or in part; and

7.2 refuse any subsequent delivery of the Goods and/or Work Products, or provision of Services which Supplier attempts to make; and

7.3 recover from Supplier any expenditure reasonably incurred by Customer in obtaining the Goods, Services and/or Work Products in substitution from another supplier; and

7.4 claim damages for any additional costs, loss or expenses incurred by Customer which are reasonably attributable to Supplier's failure to deliver the Goods and/or Work Products, or to provide the Services on the agreed date; or

7.5 claim compensation for liquidated damages as agreed in the Contract.

8. INSPECTION

8.1 Supplier shall allow Customer and/or its authorised representatives during Supplier's business hours to (i) inspect the Goods and/or Work Products, and Supplier's manufacturing units upon providing reasonable notice, and/or request test samples of the respective Goods and/or Work Products, or any parts or materials thereof, and/or (ii) inspect the provision of the Services, and/or (iii) test the Goods and/or Work Products, or parts thereof.

8.2 If the results of such inspection or tests cause Customer to be of the opinion that the Goods, Services and/or Work Products do not conform or are unlikely to conform with the Contract or with any agreed specifications, including all specified material, workmanship and the like, documentation and quality requirements, or are not performed in accordance with generally accepted practices, procedures and standards of the respective industry, Customer shall inform Supplier and Supplier shall without undue delay take such action as is necessary to ensure conformity with the Contract. In addition Supplier shall carry out necessary additional inspection or testing at Supplier's own cost whereby Customer shall be entitled to attend.

8.3 Notwithstanding any inspection or tests by Customer, Supplier shall remain fully responsible for compliance of the Goods, Services and/or Work Products with the Contract. This applies whether or not Customer has exercised its right of inspection and/or testing and shall not limit Supplier's obligations under the Contract. For the avoidance of doubt, inspection or testing of Goods, Services and/or Work Products by Customer shall in no event exempt Supplier from or limit Supplier's warranties or liability in any way.

9. WARRANTY

9.1 Supplier warrants that the Goods, Services and/or Work Products:

9.1.1 comply with the Contract, including all specifications, specified material, workmanship and the like, documentation and quality re-

quirements, or in absence thereof are provided or performed in accordance with generally accepted practices, procedures and standards of the respective industry, and are fit for the purposes for which goods, services or work products of the same description or the same or similar type would ordinarily be used, and keep the functionality and performance as expected by Customer according to Supplier's information, documentation and statements;

9.1.5 possess the qualities which Supplier has held out to Customer as a sample or model; and

9.1.6 comply with Clause 12 (Compliance, Integrity).

9.2 Unless otherwise agreed in the Contract, the warranty period shall be twenty four (24) months from Delivery of Goods and/or Work Products, or the acceptance of the Services.

9.3 In case of non-compliance with the warranties provided under this Clause 9, Customer shall be entitled to enforce the remedies provided in Clause 10 (Remedies) hereunder.

10. REMEDIES

10.1 In case of breach of any warranty under Clause 9 (Warranty) or if Supplier otherwise fails to comply with any of the terms of the Contract, Customer shall give notice in writing to Supplier of such breach and provide Supplier an opportunity to remedy it. If Supplier has not successfully remedied such breach within forty eight (48) hours of receiving such Customer notification or within such other remedy period agreed in writing between the Parties, Customer shall be entitled to any one or more of the following remedies at its own discretion and at Supplier's expense:

10.1.1 to give Supplier another opportunity to carry out any additional work necessary to ensure that the Contract is fulfilled;

10.1.2 to carry out (or to instruct a third party to carry out) any additional work necessary to make the Goods, Services and/or Work Products comply with the Contract;

10.1.3 to obtain prompt repair or replacement of the defective Goods, Services and/or Work Products by Goods, Services and/or Work Products conforming with the Contract without defects;

10.1.4 to refuse any further Goods, Services and/or Work Products, but without exemption from Supplier's liability for the defective Goods, Services and/or Work Products provided by Supplier;

10.1.5 to claim such damages as may have been sustained by Customer as a result of Supplier's breaches of the Contract;

10.1.6 to terminate the Contract; in such event Customer shall have no obligation to compensate Supplier for the already provided but unpaid parts of the Goods, Services and/or Work Products, and Supplier shall be obliged to pay back to Customer any remuneration received from Customer for the Goods, Services and/or Work Products, and to take back the Goods and/or Work Products at Supplier's own cost and risk.

10.2 In the event that Clauses 10.1.1, 10.1.2 or 10.1.3 apply, the entire warranty period of Clause 9.2 shall be restarted.

10.3 The rights and remedies available to Customer and contained in the Contract are cumulative and are not exclusive of any rights or remedies available at law or in equity.

11. INTELLECTUAL PROPERTY

11.1 Supplier hereby grants Customer, or undertakes to procure that Customer is granted, a worldwide, irrevocable, perpetual, transferable, non-exclusive, royalty-free licence to use the Intellectual Property Rights in the Goods, including Embedded Software, if any.

11.2 Supplier assigns herewith to Customer full ownership rights in and to any Intellectual Property in the Work Products arising from the Services for the full duration of such rights, wherever in the world enforceable. Supplier further agrees to execute, upon Customer's request and

at its cost, all further documents and assignments and do all such further things as may be necessary to perfect Customer's ownership title to the Intellectual Property or to register Customer as owner of the Intellectual Property with any registry, including but not limited to governmental registration authorities or private registration organisations.

11.3 The Intellectual Property Rights in any Work Products created by or licensed to Supplier prior to the respective Contract or outside of such Contract, and any subsequent modifications to the same ("Pre-Existing Works") will remain vested in Supplier or the respective third party owner. To the extent that Pre-Existing Works are embedded in any Work Products delivered by Supplier, Customer and its Affiliates shall have a worldwide, irrevocable, perpetual, transferable, non-exclusive, royalty-free licence to use the Pre-Existing Works as part of such Work Products, including the right to further improve, develop, market, distribute, sublicense, exploit or otherwise use the Work Products containing such Pre-Existing Works. Supplier shall not be prevented or restricted from using its own know-how or its Pre-Existing Works in the course of providing the Services.

11.4 In the event the Embedded Software contains or uses Open Source Software, Supplier must specify and inform Customer in writing and prior to Delivery about all Open Source Software implemented into or used by the Embedded Software. In the event that Customer does not approve any Open Source Software components contained in or used by the Embedded Software, Supplier agrees to replace or substitute at its own cost the affected Open Source Software component(s) contained in or used by the Embedded Software with software of at least the same quality and functionality and which is accepted by Customer.

11.5 In the event that the Goods and/or Work Products (and/or the Embedded Software) delivered, or Services provided infringe any third party Intellectual Property Rights, Supplier shall, notwithstanding anything provided to the contrary or otherwise contained in the Contract, provide IPR Indemnification to Customer. The IPR Indemnification does not limit any further compensation rights of Customer. Supplier's obligation to indemnify Customer as provided under this Clause shall not apply if and to the extent the liability or damage was caused by Customer's own pre-existing Intellectual Property Rights contributed to, or implemented into the Goods, Services and/or Work Products.

11.6 If any infringement claim is made against Customer, Supplier shall at its cost, but at Customer's discretion (i) procure for Customer the right to continue using the Goods, Services and/or Work Products; (ii) modify the Goods, Services and/or Work Products so that they cease to be infringing; or (iii) replace the Goods, Services and/or Work Products so that they become non-infringing.

11.7 In the event Supplier cannot fulfil the measures requested by Customer under Clause 11.6, Customer shall be entitled to terminate the Contract and to reclaim all sums which Customer has paid to Supplier thereunder. In any event, Customer may claim compensation in accordance with Clause 11.5 for any costs, losses or damages incurred whatsoever.

12. COMPLIANCE, INTEGRITY

12.1 Supplier shall provide the Goods, Services and/or Work Products in compliance with all relevant legislation, laws, rules, regulations, and codes of practice, guidance and other requirements of any relevant government or governmental agency. 12.2 Supplier and its subcontractors must comply with the ABB Lists of Prohibited and Restricted Substances and with the reporting and other requirements regarding Conflict Minerals made available under www.abb.com – **Supplying – Material Compliance** or otherwise and shall provide Customer with respective documents, certificates and statements if requested. 12.3 Supplier represents and warrants that it is knowledgeable with, and is and will remain in full compliance with all applicable trade and customs laws, regulations, instructions, and policies, including, but not limited to, securing all necessary clearance requirements, proofs of origin, export and import licenses and exemptions from, and making all proper filings with appropriate governmental bodies and/or disclosures relating to the provision of services, the release or transfer of goods, hardware, software and technology to non U.S. nationals in the U.S., or outside the U.S., the release or transfer of technology and software having U.S. content or derived from U.S. origin software or technology.

12.4 No material or equipment included in or used for the Goods, Services and/or Work Products shall originate from any company or country listed in any relevant embargo issued by the authority in the country where the Goods, Services and/or Work Products shall be used or an authority otherwise having influence over the equipment and material forming part of the Goods, Services and/or Work Products. If any of the Goods, Services and/or Work Products are or will be subject to export restrictions, it is Supplier's responsibility to promptly inform Customer in writing of the particulars of such restrictions.

12.5 Both Parties warrant that each will not, directly or indirectly, and that each has no knowledge that the other Party or any third parties will, directly or indirectly, make any payment, gift or other commitment to its customers, to government officials or to agents, directors and employees of each Party, or any other party in a manner contrary to applicable laws (including but not limited to the U. S. Foreign Corrupt Practices Act and, where applicable, legislation enacted by member states and signatories implementing the OECD Convention Combating Bribery of Foreign Officials), and shall comply with all relevant laws, regulations, ordinances and rules regarding bribery and corruption. Nothing in the Contract shall render either Party or any of its Affiliates liable to reimburse the other for any such consideration given or promised.

12.6 Supplier herewith acknowledges and confirms that Supplier has received a copy of ABB's Code of Conduct and ABB's Supplier Code of Conduct or has been provided information on how to access both ABB Codes of Conduct online under www.abb.com/Integrity. Supplier is obliged and agrees to perform its contractual obligations in accordance with both ABB Codes of Conduct, including but without limitation to all employment, health, safety and environmental requirements specified therein.

12.7 ABB has established the following reporting channels where Supplier and its employees may report suspected violations of applicable laws, policies or standards of conduct: Web portal: www.abb.com/Integrity – **Reporting Channels**; telephone and mail address: specified on this Web portal.

12.8 Any violation of an obligation contained in this Clause 12 shall be a material breach of the Contract. Either Party's material breach shall entitle the other Party to terminate the Contract with immediate effect and without prejudice to any further right or remedies under such Contract or applicable law.

12.9 Notwithstanding anything to the contrary contained in the Contract, Supplier shall, without any limitations, indemnify and hold harmless Customer from and against any liabilities, claim, proceeding, action, fine, loss, cost or damages arising out of or relating to any such violation of the above mentioned obligations and the termination of the Contract, or arising from export restrictions concealed by Supplier. With respect to export restrictions solely attributable to Customer's use of the Goods, Services and/or Work Products, the now said commitment shall only apply to the extent Supplier has knowledge of or reasonably should have been aware of such use.

12.10 Supplier agrees to comply with all federal, state and local laws, executive orders, rules, regulations and ordinances which may be applicable to Supplier's performance of its obligations under the Contract and/or an Order. Supplier certifies to Customer that the items purchased hereunder were produced or performed in compliance with all applicable requirements of the Fair Labor Standards Act of 1938, as amended. Supplier shall comply, unless this transaction is exempt under applicable regulations, with all provisions of Executive Order 11246 of September 24, 1965, as amended, and with the relevant orders of the Secretary of Labor relating to Equal Employment Opportunity, and clauses thereby required are incorporated herein by reference. If the Contract or an Order is subject to government contracting mandates, Customer will so state on the face hereof, and if so stated, as a condition to its effectiveness, Supplier agrees to certify to Customer, by separate writing, that it complies with all government contracting requirements applicable to Customer, Supplier and the Goods, Services and/or Work Products. **Supplier and its subcontractors shall abide by the requirements of 41 CFR 60–300.5(a). Supplier shall restrict disclosure of such confidential material to such of its employees, agents or subcontractors or other third parties as need to know the same for the purpose of the provision of the Goods, Services and/or Work Products to Customer. 13.1.5 Inform Customer without delay about suspicion of breaches of data security or other serious incidents or irregularities regarding any Customer Data.

13.2 Supplier agrees that Customer shall be allowed to provide any information received from Supplier to any Affiliate of Customer. Supplier shall obtain in advance all necessary approval or consent for Customer to provide such information to Customer's Affiliates if such information is confidential for any reason or subject to applicable data protection or privacy laws and regulations.

13.3 In case the type of Customer Data affected is particularly sensitive and therefore, according to Customer's opinion, requires a separate confidentiality and non-disclosure agreement, Supplier agrees to enter into such agreement. The same applies with regard to data privacy topics which are not covered by this Clause 13 and which may require a separate data processing agreement according to applicable laws and regulations.

13.4 The obligations under this Clause 13 exist for an indefinite period of time and therefore shall survive the expiration or termination of the Contract for any reason.

14. LIABILITY AND INDEMNITY

14.1 Without prejudice to applicable mandatory law or unless otherwise agreed between the Parties, Supplier shall compensate/indemnify Customer for/from all damages and losses in connection with the Goods, Services and/or Work Products (i) for Supplier's breaches of the Contract and (ii) for any claim made by a third party (including employees of Supplier) against Customer in connection with the Goods, Services and/or Work Products, except for IPR Indemnification for which Clause 11 (Intellectual Property) exclusively applies, and in all cases to the extent that the respective liability, loss, damage, injury, cost or expense was caused by, relates to or arises from the Goods, Services and/or Work Products provided by Supplier and/or its subcontractors. Upon Customer's request Supplier shall defend Customer against any third party claims.

14.2 Supplier shall be responsible for the control and management of all of its employees, its suppliers and/or subcontractors, and it shall be responsible for the acts, defaults, negligence or obligations of any of its employees, suppliers and/or subcontractors, its agents, servants or workmen as fully as if they were the acts, defaults, negligence or obligations of Supplier.

14.3 The provisions of this Clause 14 shall survive any performance, acceptance or payment pursuant to the Contract and shall extend to any substituted or replacement Goods, Services and/or Work Products provided by Supplier to Customer.

14.4 Supplier shall maintain in force, and upon request provide evidence of, adequate liability insurance and statutory worker's compensation/employer's liability insurance with reputable and financially sound insurers. Nothing contained in this Clause 14 shall relieve Supplier from any of its contractual or other legal liabilities. The insured amount cannot be considered nor construed as limitation of liability.

14.5 Customer reserves the right to set off any claims under a Contract against any amounts owed to Supplier.

15. TERM AND TERMINATION

15.1 A Contract between the Parties may be terminated for convenience in whole or in part by Customer upon giving Supplier thirty (30) calendar days written notice. In such event Customer shall pay to Supplier the value of the already delivered but unpaid parts of the Goods, Services and/or Work Products provided and proven direct costs reasonably incurred by Supplier for the not yet provided and unpaid Goods, Services and/or Work Products, however in no event more than the agreed price for the Goods, Services and/or Work Products under the respective Contract. No further compensation shall be due to Supplier. Compensation for any expenditures made with regard to Goods, Services and/or Work Products not yet provided shall be expressly excluded.

15.2 In the event of Supplier's breach of the Contract, Customer shall be entitled to terminate the Contract if Supplier fails to take adequate action to remedy a breach within 48 hours as requested by Customer in accordance with Clause 10.1. In such event, Customer shall have no obligation to compensate Supplier for the already delivered but unpaid parts of the Goods, Services and/or Work Products provided and Supplier shall be obliged to pay back to Customer any remuneration received from Customer for the Goods, Services and/or Work Products and to take back the Goods and/or Work Products at its (Supplier's) own cost and risk.

15.3 Customer shall have the right to terminate the Contract with immediate effect forthwith by notice in writing to Supplier in the event that an interim order is applied for or made, or a voluntary arrangement approved, or a petition for a bankruptcy order is presented or a bankruptcy order is made against Supplier or any circumstances arise which entitle the court or a creditor to appoint a receiver, administrative receiver or administrator or to present a winding-up petition or make a winding-up order or other similar or equivalent action is taken against or by Supplier by reason of its insolvency or in consequence of debt.

15.4 Upon termination Supplier shall immediately and at Supplier's expense safely return to Customer all respective Customer property (including any Customer Data, documentation, and retransfer/transfer of applicable Intellectual Property) and Customer information then in Supplier's possession or under Supplier's control and provide Customer with the complete information and documentation about the already supplied Goods, Services and/or Work Products or the respective parts thereof.

16. FORCE MAJEURE

16.1 Neither Party shall be liable for any delay in performing or for failure to perform its obligations under a Contract if the delay or failure results from an event of "Force Majeure". For clarification, Force Majeure means an event that was not foreseeable by the affected Party at the time of execution of the respective Contract, is unavoidable and outside the reasonable control of the affected Party, and for which the affected Party is not responsible, provided such event prevents the affected Party from performing its obligations under the respective Contract despite all reasonable efforts, and the affected Party provides notice to the other Party within five (5) calendar days from occurrence of the respective event of Force Majeure.

16.2 If an event of Force Majeure occurs which exceeds thirty (30) calendar days, either Party shall have the right to terminate the relevant Contract forthwith by written notice to the other Party without liability to the other Party. Each Party shall use its reasonable endeavours to minimise the effects of any event of Force Majeure.

17. ASSIGNMENT AND SUBCONTRACTING

17.1 Supplier shall neither assign, nor subcontract, transfer, nor encumber the Contract, nor any parts thereof (including any monetary receivables from Customer) without prior written approval of Customer.

17.2 Customer may at any time assign, transfer, encumber, subcontract or deal in any other manner with all or any of its rights under the Contract to any of its own Affiliates.

18. NOTICES

Any notice shall be given by sending the same by registered mail, courier, fax or by e-mail to the address of the relevant Party as stated in the Contract or to such other address as such Party may have notified in writing to the other for such purposes. E-mail and fax expressly require written confirmation issued by the receiving Party. Electronic read receipts may not under any circumstances be deemed as confirmation of notice.

19. WAIVERS

Failure to enforce or exercise, at any time or for any period, any term of the Contract does not constitute, and shall not be construed as, a waiver of such term and shall not affect the right later to enforce such term or any other term herein contained.

20. GOVERNING LAW AND DISPUTE SETTLEMENT

20.1 The Contract (including, but not limited to the ABB GTC/Goods and/or Services) shall be governed by and construed in accordance with the laws of the State of New York, including the Uniform Commercial Code adopted therein, but excluding the provisions of the United Nations Convention on International Sale of Goods, and excluding New York law with respect to conflicts of law.

20.2 For domestic dispute resolution matters, whereby Customer and Supplier are registered in the same country, any dispute or difference arising out of or in connection with the Contract, including any question regarding its existence, validity or termination or the legal relationships established thereby, which cannot be settled amicably, shall be submitted to the jurisdiction of the State Courts of New York or the U. S. District Court for the Southern District of New York.

20.3 For cross border dispute resolution matters whereby Customer and Supplier are registered in different countries, unless agreed otherwise in writing between the Parties, any dispute or difference arising out of or in connection with the Contract, including any question regarding its existence, validity or termination or the legal relationships established thereby, which cannot be settled amicably, shall be finally settled under the Rules of Arbitration of the International Chamber of Commerce by three arbitrators appointed in accordance with the said Rules. The place of arbitration shall be the location where Customer is registered, unless otherwise agreed in writing. The language of the proceedings and of the award shall be English. The decision of the arbitrators shall be final and binding upon both Parties, and neither Party shall seek recourse to an ordinary state court or any other authority to appeal for revisions of the decision.

20.4 In case of any dispute, the defeated Party shall reimburse the succeeding Party for attorney's fees and other costs reasonably incurred in connection with the dispute.

21. SEVERABILITY

The invalidity or unenforceability of any term or of any right arising pursuant to the Contract shall not adversely affect the validity or enforceability of the remaining terms and rights, and the Contract shall be given effect as if the invalid, illegal or unenforceable provision had been deleted and replaced by a provision with a similar economic effect to that of the deleted provision if this can be achieved by another provision.

22. SURVIVAL

22.1 Provisions of the ABB GTC/Goods and/or Services which either are expressed to survive its termination or from their nature or context it is contemplated that they are to survive such termination shall remain in full force and effect notwithstanding such termination.

22.2 The obligations set forth in Clauses 9 (Warranty), 10 (Remedies), 11 (Intellectual Property), 13 (Confidentiality, Data Security, Data Protection) and 14 (Liability and Indemnity) shall survive termination.

23. ENTIRETY

The Contract constitutes the entire agreement and understanding between the Parties and replaces any prior agreement, understanding or

arrangement between the Parties with regard to its subject, whether oral or in writing.

24. RELATIONSHIP OF PARTIES

24.1 The relationship of the Parties is that of independent parties dealing at arm's length and nothing in the Contract shall be construed to constitute Supplier as an agent or employee of Customer or so as to have any kind of partnership with Customer, and Supplier is not authorized to represent Customer as such.

24.2 It is expressly agreed that the Contract does not imply any employment relationship between Customer and Supplier, or between Customer and Supplier's employees assigned to the execution of the Contract. Customer shall remain free of any direct or indirect responsibility or liability for labour, social security or taxes with respect to Supplier and its employees assigned to the provision of the Goods, Services and/or Work Products under the Contract.

25. FURTHER ASSURANCES

The Parties shall do and execute all such further acts and things as are reasonably required to give full effect to the rights given and the transactions contemplated by the Contract.
