FUNCTIONAL OVERVIEW

EOW-i
Intelligent Extended Operator Workplace

The operator’s actions have a direct impact on uptime, production output, quality, and safety. EOW-i is designed to optimize operator efficiency by minimizing response time and supporting 24/7 operations.

The Extended Operator Workplace (EOW) offers unparalleled ergonomics, visualization and communication solutions for operators. The EOW-i ensures operator alertness, and when action is needed; keeps the essential functions at the operator’s fingertips.

Everything is designed to support effective interaction and collaboration:
• Plant visualization and information all in one view
• Process overviews on close-by large interactive panels
• One fast-acting functional keyboard for controlling the complete operator environment.
• Control room space reduction by around 30% or more
• Improved plant-wide collaboration and optimization
• Increased applicant appeal and job satisfaction.

Efficiency and well-being in balance

The sets of monitors are mounted in a way that enables both a focused and a general view of operations.

Desk and monitor height, secondary monitors’ angle, and depth of main monitors are motorized and adjustable, to ensure an ergonomic and customized operator environment. The personalized settings can be saved and automatically restored to fit each operator’s preferences.

The EOW-i promotes proactive alertness, benefits the operator’s health and ensures sustainability.
EOW-i is available in two models: i2 and i3.
Size and number of monitors are the main differences.

- Depth adjustable CLOV (Close Large OverView) with two/three 55” industrial LCD full HD 1920x1080 wide screens
- Four/six 24” full HD monitors with the same resolution as CLOV, with simultaneously adjustable monitor angle and depth
- Choose between: The KVM extender solution or integrated Ultra Flex computers
- All axis motorized, 100-240V 50-60Hz
- Adjustable “temperature” LED down-light
- Public Adress (PA) sound speakers
- Personal sound shower
- Integrated operator camera
- Multi client keyboard
- Separate power feed for desk motors, to ease connection via UPS feed
- Frame and columns in silver RAL 9006
- Level adjustable feet in grey RAL 7015
- High pressure laminate top board:

Formica 7927
Folkstone Light Grey

Formica 7921
Birch
