

ABB system training - Sydney

Enrol in one of our free courses today

- Nexus® LX system training
- Nexus RF system training

—
01 Nexus RF area controller

Curriculum

Introduction to planning and installing hardware - covers the planning, installation and commissioning phases of a project.

System testing and maintenance - covers all software functions related to the testing and maintenance of your system.

Location

The courses are run in Sydney out of our training facilities at Bapaume Road, Moorebank NSW 2170, main building, level 2 meeting room.

Time

Nexus LX 8.30am - 12.00pm
Nexus RF 1.00pm - 4.30pm

Course capacity

Due to hands on training, maximum course capacity is 6.

Certificates

Participants will receive a certificate at the completion of the course.

Catering

Light refreshments available and lunch provided if attending 2 sessions on the same day. Please advise any dietary requirements.
