ReliaMod™ 15-for-15 Program

Since the launch of ReliaMod group metering, we've been listening to your feedback and working behind the scenes to meet market demands. In response, ABB is excited to announce our new **15-for-15 program**.

The 15-for-15 program offers 15 key ReliaMod SKUs, available at a 15-week lead time at no added price. This program is designed to give you and your customers faster access to our ReliaMod metering products, streamlining project timelines and meeting critical demand.

Program Highlights:

- **15 key ReliaMod SKUs:** A curated selection of in-demand products
- **15-week lead time:** Availability at a reduced timeframe to keep projects on time more of the time

This program reflects our commitment to support your efforts to have the right products available when you need them. A full list of SKUs included within the 15-for-15 program is included below. We look forward to continuing to support your success.

15-for-15 Program SKUs:

Product Type	SKU	Description
