Author: Per Westerlind DMRO/QMPP
Revision:-

_____

WARNING!
Robot SD card cannot be reformatted for robot use by any program.

Do not touch or modify the disk partition shown in windows when inserting a robot SD card.
This partition contains boot code that can NOT be modified through file system operations.
This is not the boot application nor any robot system data.
Modifying or trying to update by writing here can cause irreparable boot-up problems.
