Declaration regarding the REACH Regulation

With reference to the Regulation (EC) N° 1907/2006, issued by the European Union for the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH), please be aware that:

- during normal and reasonably foreseeable conditions of use, products and related accessories manufactured by ABB E-Mobility S.p.A.do not intentionally release any substance or preparation.
- ABB E-Mobility S.p.A. continuously assesses its products for content of Substances of Very High Concern (SVHC), as included in the "Candidate List" by the European Chemicals Agency (ECHA).
- ABB E-Mobility S.p.A. continuously undertakes communications throughout its supply chain to collect information about suppliers'.

According to our current best knowledge, products and related accessories manufactured by ABB E-Mobility S.p.A.do not contain SVHC substances exceeding 0.1% w/w. In the event we discover that any SVHC is present above the reporting threshold, we will inform you according to the requirements of REACH directive.

Yours sincerely

17/07/23
