Location

125 East County Line Rd
Warminster, PA
18974

Offering

Instrumentation
and analyzers

Number of employees

100

Operational since

1937

What we do in Warminster

Manufacture and assemble instrumentation equipment and analytical and valve automation products. Warminster also houses an instrument calibration lab and product support teams. Instruments made in Warminster measure flow, level, pressure, and temperature which enable control and automation of a variety of industrial and commercial processes.

Who we serve

Instruments made in Warminster are used by a diverse set of customers --petrochemical plants, food and beverage producers, power plants, water treatment facilities, and mining and natural resource operations. Our automation technologies enable customer efficiency, productivity, and safety.

ABB in the U.S.

ABB is a leading global technology company that energizes the transformation of society and industry to achieve a more productive, sustainable future.
