

Online Courses 2023 Calendar

Hitachi Grid Academy

Course name	Leaflet	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec	Price
Power Quality Analysis		10-12												405 €
Introduction to NEPLAN 10		30-01							23-25					990 €
Substation engineering			01-03			24-26						22-24		405 €
Strategic planning of distribution grids			02-03							06-07				1320 €
Grid integration of HVDC light, offshore HVDC and FACTS devices			06-08							13-15				1980 €
Electrical safety			08-10				28-30						06-08	405 €
Asset Management			09-10							13-14				1320 €
The EU grid codes requirements und their application			13-15							30-01				1980 €
Protection for electric power systems				06-10							02-06			1480 €
Protection coordination & arc flash hazards analysis				15-16						27-28				600 €
Introduction to life cycle assessments (LCA)				21-24									12-15	480 €
Unit protection (Generator, transformer, motor)				22-24			07-09				10-12			405 €
Power system earthing					05-07					13-15				405 €
Power system studies: planning and analysis					05-07						17-19			1000 €

ONLINE COURSES 2023 CALENDAR

Course name	Leaflet	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec	Price
Introduction to power system dynamics					24-28	22-26								720 €
Condition monitoring of switchyard equipment						09-11			23-25					405 €
A primer for subsynchronous oscillations						11								100 €
Overvoltage and insulation coordination						17-18						02-03		600 €
Introduction to voltage control and reactive power. FACTS solutions							13-15					22-24		800 €
Emobility: challenges and opportunities							21-22						01-04	720 €
Power system voltage stability									22-25			07-10		600 €
Subsynchronous oscillations phenomena, studies and mitigation										05-08				600 €
