

PRODUCT UPDATE

Series 5200/5300 fittings for liquid-tight flexible metallic conduit

Introducing a new premium design!

T&B Liquidtight Systems®

BEFORE

AFTER

The 1½ and 2 inch sizes of the T&B Liquidtight Systems® signature Series 5200/5300 insulated fittings have been redesigned with a new gland nut.

The sand-cast iron crown gland nut has been replaced with a new stamped steel pumpkin gland nut design. This design is consistent with the brand's stainless steel and nickel-plated brass fittings to better align the T&B Liquidtight Systems fitting family's overall appearance and maintain robust performance standards.

REDESIGNED WITH A NEW GLAND NUT

T&B Liquidtight Systems Series 5200/5300 steel/malleable iron conduit fittings — 1½" and 2" sizes

Trade size (NPT)	Straight cat. no.	45° cat. no.	90° cat. no.
