ABB

ELECTRIFICATION U.S.

Product life cycle announcement
E9000 & E9000 Arc Res Low Voltage MCC

In accordance with the ABB global strategy, this product is in the life cycle management process. For process details, please visit Life Cycle Management (https://electrification.us.abb.com/life-cycle-management).

Legacy product line (to be replaced)	Replacement product line
E9000	ReliaGear LV MCC
E9000 Arc Res	MNS-MCC Arc Res

Affected product list

See above list

Transition benefits

ReliaGear LV MCC motor control center provides a safe, smart, and sustainable means to protect and control motors.

- Best of both worlds: 70 years of GE MCC experience + ABB digital technology
- ACS580 Variable Frequency Drives
- Tmax XT molded case circuit breakers
- SACE Emax 2 air circuit breakers for 2500A & 3200A main bus applications
- Wide variety of motor starting options (FVNR, FVR, VFD, two-speed, reduced voltage, soft-starters, Y-delta, etc.)
- Arc Flash Mitigation features described in IEEE 1683
- Reinforced unit handle mechanism & door latches

ABB Services Support

- E9000 non-arc resistant installed base equipment will be supported by ABB Services with ReliaGear™ LV MCC buckets and parts
- E-9000 arc resistant installed base will be supported by ABB Services with new buckets and parts
- 8000 line will continue to be supported by ABB Services with new buckets and parts

LCM phase	Active	Classic	Last time to buy	Limited	Obsolete
Effective date	E9000 (being replaced by ReliaGear™ LV MCC)	Feb 24, 2021	**Fully replaced by ReliaGear LV MCC**		
Effective date E9000 Arc Res		Feb 24, 2021	Apr 1, 2021	May 14, 2021 (date by which order must be released to manufacturing)	

Product returns, pricing and other terms will follow standard ABB U.S. Electrification Life Cycle Management policies summarized below.

LCM phase / status description	Active — Product is fully available for sale, quotation and promotion	Classic — Product will be replaced or phased out	Last time to buy — Last date purchase orders will be accepted for above current on-hand inventory levels	Limited — Purchase orders only accepted for material in-stock	Obsolete — Product is no longer available, purchase orders not accepted
Product available for sales	Yes	Yes	Not guaranteed	Not guaranteed	No
New special pricing agreements (SPAs) and project quotations can be established	Yes	No	No	No	No
New equipment SPAs and project quotations can be established for equipment using these components	Yes	Announced separately	Announced separately	Announced separately	No
SPAs accepted for expansions	Yes	Yes	Yes	No	No
SPA rebate requests accepted per ABB policy	Yes	Yes	Yes	Yes	Yes
Price increases	Announced separately	Announced separately	Announced separately	Announced separately	No
Product stocking levels	Based on product	Based on product	Based on product	Lmited, not being replenished	No
Delivery lead-times	Standard, based on product	Maybe longer than standard	Maybe longer than standard	From stock only, or made to order for quotes previously accepted	No
Product available for new or already quoted projects	Yes	Yes	Not guaranteed	Not guaranteed	No
Product available for expansion projects	Yes	Yes	Please contact Service*	Please contact Service*	Please contact Service*
Returns accepted per ABB policy	Based on product	Based on product	Based on product	Based on product	No
Spare parts and units	Yes	Yes	Yes	Yes, please contact Service*	Yes, please contact Service*
Available in online tools	Yes	Yes	Not guaranteed	Not guaranteed*	No

*Please contact ABB Service if there is not a replacement product available in empower.
