DPA UPS UL seismic rating

To whom it may concern,

The ABB DPA UPS UL has been reviewed, analyzed through modeling via a licensed structural engineering to meet CBC and IBC standards under occupancy category I, II, & III.

ABB self certifies and meets the following seismic parameters for DPA UPS UL:

Occupancy	SDS	Z/H	Ip	Result
I, II, III	1.6	1.0	1.5	Meets

Sincerely,

John Goosseff
Global Product Manager, UL
Uninterruptable Power Supplies
