

ABB Video Indoor Station 7"

Full control of what happens in front of your door

The Video Indoor Station 7" is the latest addition to the ABB-Welcome door communication world. With its impressive 7" design, white color, and simplicity of use, it is the perfect choice for modern homes. Thanks to the intuitive design, all functionalities are only a fingertip away, with additional programmable buttons enabling flexible customization to cover all your needs. ABB's Video Indoor Station 7" provides the best level of security for your network and data while protecting your home and your family's well-being.
