SELE 200 control electronics and SGEA boards (excluded SGEA 1001 board)

1. CURRENT LIFECYCLE STATUS

The SELE 200 product has been in the obsolete phase since the beginning of 2004 according to the ABB lifecycle model outlined below.

2. SUPPORT AVAILABILITY FOR SELE 200

In the obsolete phase ABB can not guarantee availability of product support within reasonable cost or technically:

- Sale of SELE 200 parts is limited to available inventory.
- Sale of SELE 200 repair services is limited to component availability.

3. RECOMMENDED ACTION

It is recommended that SELE 200 product customers migrate to replacement products.
