Kalo

Attraction in simplicity

- Thin cover and frame – just 7 mm
- Backlight with blue LED lighting
- Smooth switching
- High quality materials for contacts
- Included fasteners for furniture or boards
- Designed for mounting on uneven surfaces

Kalo

Attraction in simplicity

The elegance of the Kalo design series lies in its simplicity and purity. The neutral white design perfectly complements any interior, with a blue LED backlight which illuminates itself in the dark. ABB-branded affordable solutions, perfect for any space design and fitting.

Kalo

Your first choice

Besides basic wiring accessories, you will also get the dimmer, communication sockets and switched socket outlets – whether it's in a kitchen, a living room or a child's room. With a total above-wall switch height of just 7 mm, Kalo is always elegant.

Main benefits

- clean aesthetic with ultra slim design
- easy to install with 2 different installation types, including fasteners for furniture or boards
- first British Standard range of wiring accessories with G-mark
- wide range of light switches, BS socket outlets, data communication outlets, dimmer...

Main features

- large rocker design with minimalist modern structure, smooth switching
- thin cover and frame, 7 mm only
- backlight with blue LED lighting, visible through special front cover design
- high quality material for contacts
- designed for mounting on uneven surfaces
- RoHS compliant, no hazardous materials used
- compliant with the ESMA and with the new GCC regulations
