

ELECTRIFICATION U.S.

# Modular Metering: Meter Mod III and Mini Mod III

## Entering the classic phase effective immediately

In accordance with the ABB global strategy, this product is in the life cycle management process. For details, please visit the Life Cycle Management web page ([electrification.us.abb.com/life-cycle-management](http://electrification.us.abb.com/life-cycle-management)).

**Legacy product line**  
Meter Mod III

**Replacement product line**  
ReliaMod™

### Reference information

Affected products listed in the Modular Metering Cross Reference:

<https://search.abb.com/library/Download.aspx?DocumentID=1TQC134800E0001&LanguageCode=en&DocumentPartId=&Action=Launch>

### Transition benefits: Meter Mod III → ReliaMod™

- The new ReliaMod™ is flexible, scalable, and easy to install, so your customers can move from project to project uninterrupted
- Customers benefit from ABB technology, innovation, and a dedicated residential team to support your business or respond to any technical questions from your customers
- Business and technical resources for easy product configuration, ordering, and tracking
- Competitive lead times

**Mini Mod III does not have a direct replacement. Contact your ABB representative for alternative solutions and configurations.**
