Application of this document
The document is intended for use as a base for the declaration of installations and systems.

Category
Components
Components for use in installations and systems

Declaration
We ABB Automation Products AB, Substation Automation Division, S-721 59 Västerås, Sweden, declare under our sole responsibility that the family:

- Relay accessories and components
- Types: RXTCD 4 acc. to Buyer's Guide 1MRK 61004-808, July, 1988

To which this declaration relates is in conformity with the following standard(s) or other normative document(s):

- EN 60 255-6: 1994
- EN 50 178: 1997

following the provisions of

- Low Voltage Directive 73/23/EEC
- (EMC Directive 89/336/EEC is not applicable to single components of this family)

Our internal quality control system ensures compliance between the manufactured products and the technical documentation.

Application of the objects
The family is intended for use in the industrial environment and to protect high voltage or high power apparatus, and thus normally used in a harsh electromagnetic environment near high voltage apparatus.
