## COURSE DESCRIPTION

# G3900e

## General purpose drives, ACS580 series offering, Internet course

### Course type

This is a web-based training course.

### Course duration

The course duration is approximately 30 minutes.

### Course goal

The goal of this course is to understand the ACS580 portfolio offering; ACS580-01, ACS580-04 and ACS580-07.

### Student profile

This course is targeted for sales engineers, product managers, anyone selecting or dimensioning ACS580 general purpose drives or for anyone wanting to know the options, powers, and voltages that are supported with the ACS580 general purpose drives.

### Notes

If you have no experience of working with drives, it is highly recommended to take a hands-on course in addition to this course, to be able to utilize the drive to its full potential.

### Prerequisites

An Internet connection. The recommended browser is Microsoft Edge or Google Chrome.

### Course objectives

Upon completion of this course, you will be able to:

- Understand the ACS580 general purpose drives main features
- Describe the target applications and industry segments
- Understand the range and options
- Describe the standard hardware and software features
- Describe the service offering

### Main topics

- ACS580 frame sizes
- Supported voltages and power ranges
- Enclosure classes
- Options range
