

ABB low voltage products UK overview

Our vision

Power and productivity for a better world

As one of the world's leading engineering companies, we help our customers to use electrical power efficiently, to increase industrial productivity and to lower environmental impact in a sustainable way.

Mission

ABB's mission has four components that underpin our strategy and continue to drive the company's success.

- Improve performance in productivity, reliability and efficiency
- Drive innovation with a sustained commitment to R&D
- Attract talent with a diverse global workforce and opportunities for advancement
- Act responsibly in terms of environmental stewardship, social responsibility and business ethics

ABB products can be found:

- Orbiting the earth and working beneath it
- Crossing oceans and on the sea bed
- In the fields that grow our crops and packing the food we eat
- On the trains we ride and in the facilities that process our water
- In the plants that generate our power and in our homes, offices and factories

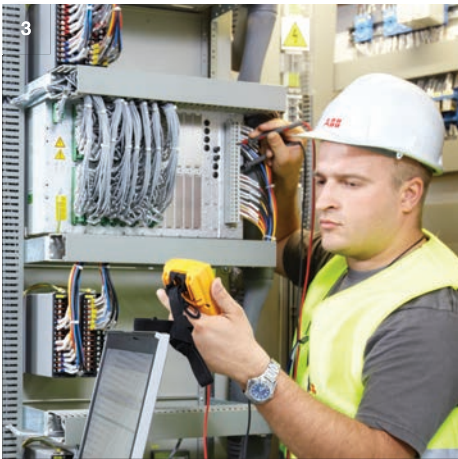

- 1 Orbiting the earth and working beneath it
- 2 Crossing oceans and on the sea bed
- 3 In the fields that grow our crops and packing the food we eat
- 4 On the trains we ride and in the facilities that process our water
- 5 In the plants that generate our power and in our homes, offices and factories

ABB in the United Kingdom

Core businesses

1 Power products | 2 Power systems | 3 Low voltage products | 4 Process automation | 5 Discrete automation and motion

Our businesses

ABB's operations are organised into five global divisions, which in turn are made up of specific business units focused on particular industries and product categories.

Power products

- Transformers
- High and medium-voltage switchgear
- Breakers
- Automation relays

Power systems

- Substations
- FACTS / HVDC / HVDC Light
- HV Cables
- Power plant & network automation

Low voltage products

- Low-voltage products
- Low-voltage systems

Process automation

- Control systems
- Application specific automation solutions for process industries
- Instrumentation

Discrete automation and motion

- Drives
- Motors
- Power electronics
- Machines
- Robots
- Peripheral devices and modular manufacturing solutions for industry

ABB Low voltage products division

Business units

ABB has a reputation for manufacturing and supplying quality low voltage components, the result of our on-going research and development programme.

Breakers & switches

- Circuit breakers
- Switches
- Fusegear & cable distribution cabinets

Wiring accessories

- Wiring accessories
- Industrial plugs & sockets
- Door entry systems
- Intelligent building control (KNX)

Control products

- Control & protection
- Electronic products & relays
- Connection
- Jokab safety products

LV Systems

- MNS conventional switchgear
- MNS intelligent switchgear
- MNS integrated switchgear

Enclosures & DIN-Rail

- Modular DIN-Rail products
- Enclosures & cable systems
- Fuse electronic surge protectors

Cabling & wiring

- Power connectivity & control
- Wire & cable management
- Cable protection systems
- Safety technology

Low voltage products

Brand overview

The acquisition of leading brands advances the ABB strategy of expanding our Low Voltage Products division into new geographies, sectors and products. The combination of electrical components and ABB's low voltage protection, creates a broader low voltage offering to our customers.

Adaptaflex

Flexible conduit systems for power & data protection

DTS

Lighting, boxes & cabinets for hazardous areas

E-Klips®

Electrical & mechanical steel spring fasteners

Elkay

Energy management switches & controls

EMERGI-LITE

Emergency lighting & safety systems

EXISTALITE
EMERGENCY LIGHTING

Emergency lighting components

furse

Earthing, lightning & surge protection

Harnessflex
SPECIALIST CONDUIT SYSTEMS

Automotive wiring harness protection

KOPEX-Ex

Flexible conduit systems for hazardous areas

PMA

Cable protection systems

ROYCE THOMPSON
LIGHTING TECHNOLOGY IN CONTROL

Photo-electronic controls for street & amenity lighting

Ty-Met™

Stainless steel cable ties

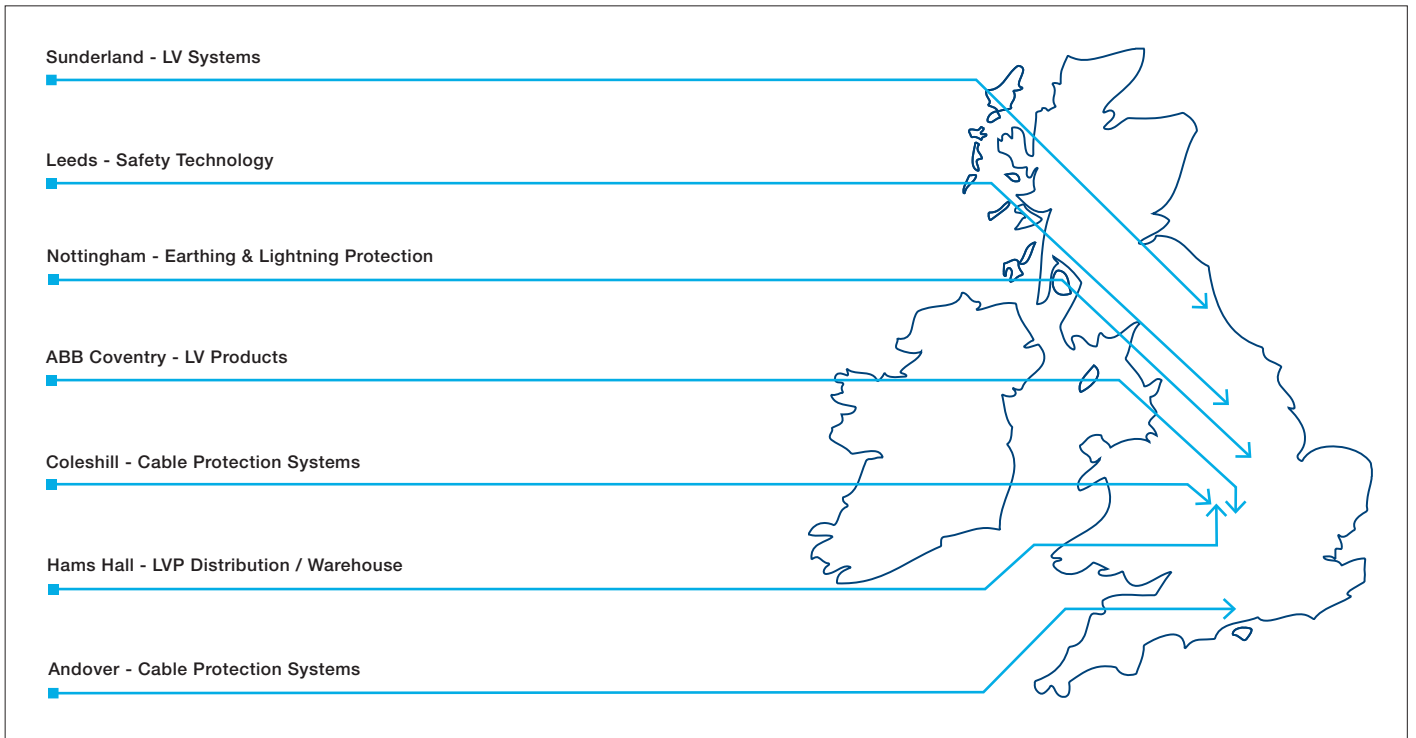

Ty-Rap®

Premium cable ties

Low voltage products division
