Oosteinde 3  
2991 LG Barendrecht  
The Netherlands  
Register Comm. Rotterdam: 33290641

**Thomas & Betts**

30 September 2010

Dear Customer,

Subject: European Regulation on Chemicals (REACH)

Hereby we inform you that according to REACH legislation none of the Thomas & Betts Companies has an obligation to (pre-) register substances, on their own or in preparations. Indeed, Thomas & Betts does not produce any of the substances referred to under REACH, nor does Thomas & Betts import these substances in quantities over 1 tonne per year.

As a down stream user Thomas & Betts follows the instructions in the safety data sheets (and implement the exposure scenarios which can be attached hereto) received from its suppliers and communicate closely with customers and suppliers about hazardous substances, including the Substances of Very High Concern (SVHC) and possible risks inherent to the use of the products that contain such substances.

According to the safety data sheets received from our suppliers we know our products do not contain any of the SVHC as currently identified and published by the REACH authorities.

In case the situation changes we will provide you with material safety data sheets for the products involved.

Should you have any further question concerning the above, do not hesitate to contact us.

Yours sincerely,

Fabrice Van Belle  
Thomas & Betts Netherlands BV
