

# Johan Söderström

## Managing Director, ABB in Sweden

Johan Söderström joined ABB in 1986 as an executive trainee. He has been in various management positions within both power and automation in Sweden and Switzerland.

Prior to his role as Managing Director for ABB in Sweden, from 2011, he has held roles such as Division Manager for Power Products in Northern Europe, Division Manager Automation Products in Sweden and President at Low Voltage Products/Control. Johan was also previously division manager at Munters AB.

Johan has a Master of Science in Industrial Management and Engineering from the Institute of Technology at Linköping University. In 2014, Johan received a gold medal in industry collaboration from KTH Royal Institute of Technology in Stockholm.

He was recently appointed Honorary Doctor in Engineering at Uppsala University. Johan is also chairman of Teknikföretagen (Association of Swedish Engineering Industries) in Sweden since 2015.
