

## Hitachi Energy Axis

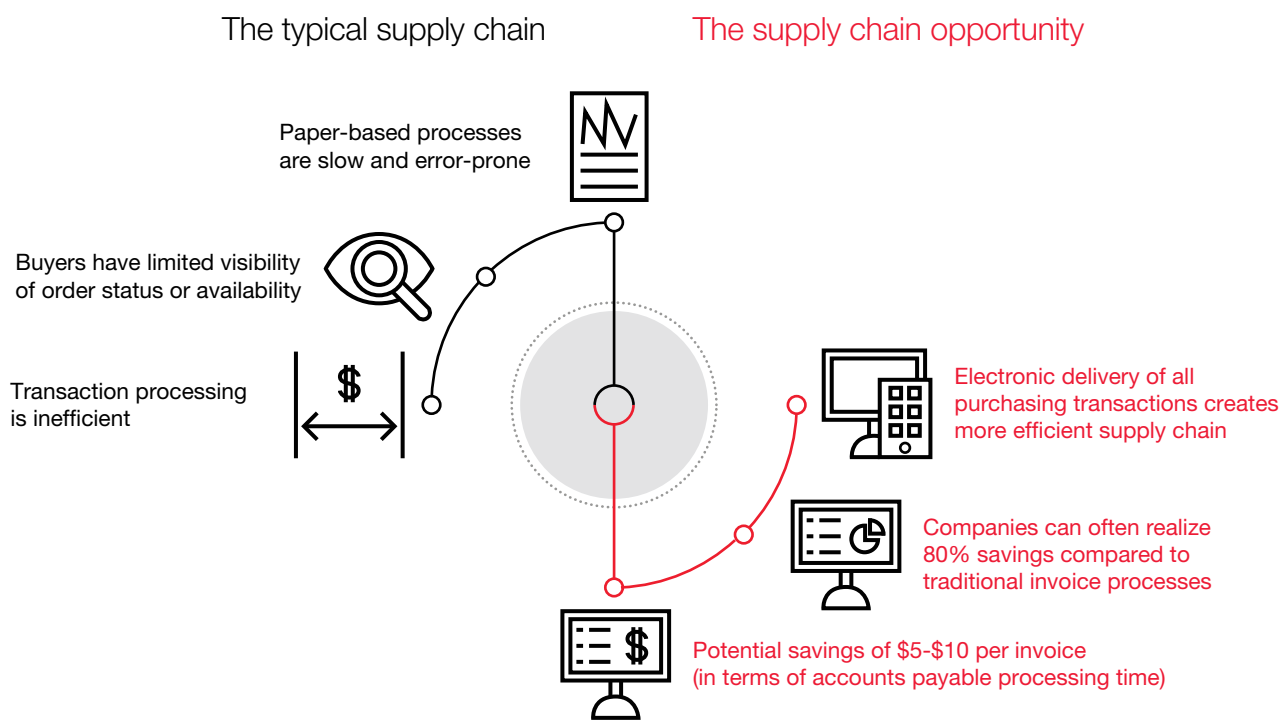

### Procure-to-Pay (P2P) Automation

Delivering efficiencies and automation to the supply chain through the cloud

Hitachi Energy Axis Procure-to-Pay Automation replaces paper-based processes with an electronic collaboration platform. The solution covers all core P2P processes, including request for quote, purchasing, shipment, invoicing, discrepancy and remittance, with options for all supplier types.

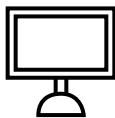

### Procurement challenges

### How we address the supply chain challenges

**Electronic messaging**  
Direct B2B system-to-system integration for high volume suppliers

**Web portals**  
Browser-based application for small to medium volume suppliers

**Fax/email gateway**  
For occasional or low volume suppliers

### The right solution, right now

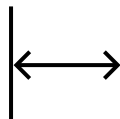

Cloud-based solution, fully supported and hosted by Hitachi Energy

COST EFFECTIVE

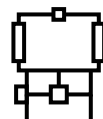

SaaS offering – no on-premises hardware or software required

CAPEX FRIENDLY
