Offering Bearings

#### What we do in Rogersville

In Rogersville, ABB manufactures Dodge® mounted bearings which are essential components for rotating and moving industrial equipment. In Rogersville, any one of 9,000 different parts can be manufactured in as short as a 24 hour notice due to ABB's Build on Demand center.

#### Who we serve

Bearings produced in Rogersville are used in a variety of industries where uptime is critical, and downtime is costly, including, food and beverage, unit handling and conveying, and pulp and paper. For almost 100 years, customers have trusted ABB's mounted bearings to deliver high quality performance and reliability. ABB's Rogersville plant was the first ball
