FUNCTIONAL OVERVIEW

Meeting tables

Robust tables for meetings and presentations

Highlights
The meeting tables come in different standard sizes and shapes to fit meetings and presentations with 4-15 participants. The V-shaped meeting tables make it easier for the attending to see and follow the presentation or meeting with increased attention. The robust and centered Aluminum legs result in a sturdy table with generous space for your legs. The larger meeting tables (≥6 participants) can be equipped with an E-Hatch with a cable tray for easy power supply and computer connection possibilities.

Design made easy
We have made all of our products available in CAD and Sketch up models for ease of use when designing your interior. We can also assist in creating your next collaborative environment, please contact us for support.

Features
- Optional E-Hatch for the larger tables (≥6 participants)
- V-shape for increased visibility
- Centered aluminum legs for generous leg room
- Fire-retardant MDF board as a choice
