## ABB Purpose & Embedding Sustainability

ABB is committed to continually promoting and embedding sustainability across its operations and value chain, aspiring to become a role model for others to follow. With its ABB Purpose, ABB is focusing on reducing harmful emissions, preserving natural resources and championing ethical and humane behavior.

## General Information

|                                   |   |
|-----------------------------------|---|
| <b>Reference product</b>          | 2TKA140012G1 - AP9  |
| <b>Description of the product</b> | The square junction box AP9 (2,5 mm <sup>2</sup> , 500 V) is equipped with 12 membrane cable entries for cables up to Ø 17 mm in the sides, and two at the bottom for cables up to Ø 19 mm. Cables are easy to connect by simply inserting the stripped ends through the inlets. The box locks by snapping and can be opened by inserting a screwdriver (for example) into the opening slots - no screws are needed. VDE-approved. Mounting temperature -25...+60 °C. |
| <b>Functional unit</b>            | Protect persons during 20 years against direct contact with live parts and allow grouping monitoring, control and protection devices in a single enclosure or a cabinet having the following dimensions 39 x 89 x 89 (mm), while protecting against the penetration of solid objects and liquids (IP65) in accordance with IEC 60529.   |
| <b>Other products covered</b>     | AP9P, AP9PP, AP9/W.CH, AP9/G, AP9/G.CH, AP9M, AP9MP, AP9MPP, AP9V, AP9R, AP10, AP10P, AP10PP, AP10/W.CH, AP10/G, AP10/G.CH, AP10M   |

| STATUS   | SECURITY LEVEL | REGISTRATION NUMBER  | REV. | LANG. | PAGE |
|----------|----------------|----------------------|------|-------|------|
| Approved | Public         | ABBG-00026-V01.03-EN | 1    | en    | 2/10 |

# Constituent materials

**Total weight of Reference product**

60,7 g including the product and its packaging

| Plastics as % of weight |          | Metals as % of weight |          | Others as % of weight |          |
|-------------------------|----------|-----------------------|----------|-----------------------|----------|
| Name and CAS number     | Weight-% | Name and CAS number   | Weight-% | Name and CAS number   | Weight-% |
| Polypropylene           | 78,0     | -                     | -        | Carton                | 7,2      |
| SEBS                    | 13,8     | -                     | -        | -                     | -        |
| Packaging film          | 1,0      | -                     | -        | -                     | -        |

Products in this range comply with the RoHS Directive 2011/65/EU (covering 2015/863 (EU)) and national legislation. The plastic materials used in products are also halogen free materials (IEC/61249-2-21) and recyclable.

## Additional Environmental Information

|                                   |  |
|-----------------------------------|--|
| <b>Manufacturing</b>              | Manufactured at ABB Oy, Wiring Accessories production site ISO 14001 certified, with renewable energy: Hydro (70%) and wind and solar (30%)  |
| <b>Distribution</b>               | Product distribution optimised by setting up local distribution centres. Packaging weight 4,9g, consisting of cardboard (88%) and plastic (12%).   |
| <b>Installation</b>               | The product does not require special installation procedure and requires little to no energy to install. The disposal of the packaging materials is accounted during the installation phase. |
| <b>Use</b>                        | The product does not require special maintenance operations  |
| <b>End of life</b>                | No special end-of-life treatment required. According to countries' practices this product can enter the usual end-of-life treatment process.   |
| <b>Software and database used</b> | OpenLCA version 10, ecoinvent 3.6 and ELCD   |
| <b>Standards</b>                  | Products in conformity with the provisions of Low Voltage Directive 2014/35/EU   |

## Environmental impacts

|   |  |
|---|--|
| <b>Reference lifetime</b>               | 20 years   |
| <b>Product category</b>                 | Unequipped enclosures and cabinets   |
| <b>Installation elements</b>            | Installation requires 2 screws, max 3,5mm scrow cap                                  |
| <b>Use scenario</b>                     | Non applicable for unequipped enclosures and cabinets                                |
| <b>Geographical representativeness</b>  | Nordic countries and Europe  |
| <b>Technological representativeness</b> | The manufacturing processes considered are representative of the products production |
| <b>Energy model used</b>                |  |
| <b>Manufacturing</b>                    | Manufacturing plant: Porvoo, Finland   |
| <b>Installation</b>                     | -  |
| <b>Use</b>                              | -  |
| <b>End of life</b>                      | -  |

For other products than the Reference product covered by this PEP, the environmental impacts for each phase of the lifecycle are obtained by multiplying the values of the Reference product by the following coefficients:

\* if the coefficient is "1", the impacts of the phase of the life cycle are assimilated to the Reference product, meaning that the impacts are unchanged in comparison to the Reference product

## Environmental Impact Indicator Glossary

| Impact indicators                                    | Description   | Unit                                   |
|--|---|--|
| Global warming (GW)                                  | Indicator of potential global warming caused by emissions to air contributing to the greenhouse effect. Includes fossil and biogenic  | kg CO <sub>2</sub> eq.                 |
| Ozone depletion (OD)                                 | Indicator of emissions to air that contribute to the destruction of the ozone layer   | kg CFC-11 eq.                          |
| Acidification of soil and water (A)                  | Indicator of the potential acidification of soils and water caused by the release of certain gases to the atmosphere  | kg SO <sub>2</sub> eq.                 |
| Eutrophication (E)                                   | Indicator of the contribution to eutrophication of water by the enrichment of the aquatic ecosystem with nutritional elements, e.g. industrial or domestic effluents, agriculture, etc.   | kg (PO <sub>4</sub> ) <sup>3</sup> eq. |
| Photochemical ozone creation (POCP)                  | Indicator of emissions of gases that affect the creation of photochemical ozone in the lower atmosphere (smog) because of the rays of the sun.  | kg C <sub>2</sub> H <sub>4</sub> eq.   |
| Depletion of abiotic resources – elements (ADPe)     | Indicator of the depletion of natural non-fossil resources  | kg Sb eq.                              |
| Depletion of abiotic resources – fossil fuels (ADPf) | Indicator of the depletion of natural fossil resources  | MJ (lower heating value)               |
| Water pollution (WP)                                 | Indicator of the quantity of water necessary to dilute the toxic elements poured into water in all the stages of the product life cycle.  | m <sup>3</sup>                         |
| Air pollution (AP)                                   | Indicator of the quantity of air necessary to dilute the toxic elements emitted into the air in all the stages of the product life cycle.   | m <sup>3</sup>                         |
| Resource use indicators                              | Description   | Unit                                   |
| Total use of primary energy (PE)                     | Total use of non-renewable primary energy resources (primary energy and primary energy resources used as raw materials) + Total use of renewable primary energy resources (primary energy and primary energy resources used as raw materials) | MJ (lower heating value)               |
