NOVEMBER 2020

MyLearning new User Interface - preview
My Learning page

Find all information regarding the ongoing training and actions you took in MyLearning, simply by scrolling down or selecting the section you are interested in on the top of the page.
My Learning

Manage your ongoing and completed Classes

Now, My Learning section contains Classes that you have been enrolled in or completed in the last 12 months.

You are also able to see the upcoming Sessions in a calendar view.
Catalog

Search, register and complete new training

On the Catalog page, register for training you want to participate in.

You can also find here Classes you are already enrolled in.
My Dashboard

A completely new section that will help you organize your learning experience

In this section you will find **Curriculums and Certifications** in which you are enrolled in as well as your certificates for completed training.

In **Learning History** you can find all of your canceled trainings.
My Profile
Manage your account information and set preferences

You are not only able to add new information about yourself, but also change your Preferences to optimize your training experience.
New features
Help feature
New and improved TOUR guide for MyLearning

When you want to become more familiar with the system, use Help functionality. Simply, drag and drop the icon at the blinking hotspot to view additional information about the section.
Bookmarks and Learning Statistics
This new additions in My Dashboard section will help you manage your learning progress.

Just like when reading a book, you can use the Bookmark functionality to mark the progress you have made in your training.

Manage your training progress by checking out the Learning Statistics based on your experience in the system.
Thank you!

... and welcome to the new MyLearning 😊
