Declaration regarding the RoHS Directive

Date 2022-06-21

Based on the information provided by our supplier, their commitment to our Supplier code of conduct concerning material compliance and conflict minerals, and to the best of our knowledge, ABB (ABB Oy, IEC LV Motors, P.O. Box 633, Strömbergin puistotie 5A, FI-65101 Vaasa Finland) designates that the products related to the list below are RoHS Compliant and conform to Directive 2011/65/Eu of the European Parliament and to the council of 8 June 2011 on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS).

Product platform:
AMXE 200

For these purposes, RoHS compliant means that:

1. Our supplier has confirmed that compliance status of the relevant products to us.
2. Confirmation of compliance status by our suppliers is either because the products do not contain any of the restricted substances referred to in Article 4(1) of the RoHS Directive at concentrations in excess of those permitted under the RoHS Directive or because removal of the restricted substances is not technically possible and their existence in the products at levels in excess of these concentrations is allowed as one of the particular applications listed in the Annex to the RoHS Directive.

Yours sincerely

Harri Mykkänen
Local Division Manager
