RoHS (2011/65/EU) Conformity of the Sealing Caps MC4
(32.0716 / 32.0717)

Subject: Regulatory Declaration and/or Product Stewardship Information Statement(s) for the Following Product(s): Sealing caps MC4 (32.0716 / 32.0717)

The Sealing caps MC4 (32.0716 / 32.0717) complies with the relevant requirements for heavy metals and flame retardants from the following regulation:

The concentration values of heavy metals (lead, cadmium, mercury, and hexavalent chromium) and flame retardants (polybrominated biphenyls [PBBs] and polybrominated diphenyl ethers [PBDEs]) in this product do not exceed 0.1% by weight for lead, mercury, hexavalent chromium, PBBs, and PBDEs or 0.01% by weight for cadmium.

Trace amounts of these substances may be present as a result of the specific characteristics of the raw materials and/or of the manufacturing process.

Place/date of issue
Allschwil, May 20, 2015
