

PRODUCT HIGHLIGHTS

Blackjack® grounding bushings

For threaded or threadless rigid conduit or IMC.

T&B Fittings

With BlackJack grounding bushings, you get bonding and grounding peace of mind with a reduced number of SKUs and lower installed cost.

Key differentiating features

- **Grounding and bonding** — Lug is integral to the body for peace of mind that your bond and ground are good.
- **SKU reduction** — With Blackjack grounding bushings, a single SKU is can be used with threaded conduit, threadless conduit, 150 °C copper wire and aluminum wire. Others require a different SKU for each type, requiring up to 150 different catalog numbers vs. only 21 catalog numbers with Blackjack grounding bushings.
- **Ease of installation** — No need to thread the bushing on the conduit. Simply put in place.
- **Stainless steel hardware vs. galvanized screws** for corrosion resistance.
- **The insulator is dipped like a donut.** Nice round edges produce an easy glide with minimal risk of skinning the wires.
