Surge Protective Device

Dispositif de protection contre les surtensions
Überschrengschutz

Safety Instructions

The device may only be connected and installed by an electrically-qualified person. Notional standards and safety regulations must be observed (IEC 60364-5-51-1). The device must be checked for electrical usage prior to installation. If any damage or other defects are detected in this check, the device must not be installed.

Opening or otherwise tampering with the device invalidates the warranty.
