SECURITY SYSTEM

ABB-secure@home

Home security simply
more protective

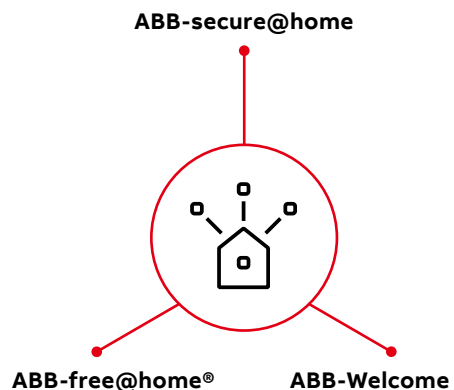

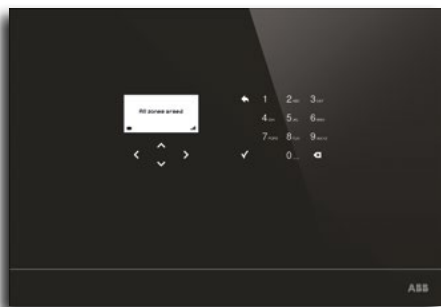

ABB-secure@home works as both a stand-alone security system but also as part of our Smarter Home. It can be seamlessly integrated into the ABB-free@home® system offering you the ultimate in comfort and security for your living space.

ABB's state-of-the-art keypad of the central unit puts your home's security at your fingertips. Not only it is easy to use, its elegant design fits beautifully into a range of stylish interior design concepts.

Intrusion detection

Combined scenes and actions

Wireless sensor range

Indoor and outdoor protection

Home security that starts well before you get to the front door

Securing your home has never been easier

ABB offers a range of smart, intuitive home security products that safeguard your property throughout the day and night

The intelligent security range ensures smart movement detection against intruders, door and window monitoring, wireless alarms and early fire and flood detection. With secure@home, your home is always in safe hands whether you're at work, having a rest or heading into town.
