

Why empower?

Giving you the power to do more

ABB Electrification is entering the final stages of transforming our enterprise resource planning (ERP) platform from a legacy system to a proven installation of SAP (Torque). As part of this transition, we will be migrating all remaining product lines from T&B Access to ABB empower, an enhanced customer interface with intuitive navigation, **in early July 2023**.

Experience
the benefits of
empower
the power to do more

Experience improved logistics, optimized quotations, and a simplified ordering process

Check pricing, submit and track orders on your mobile device

Enjoy automatic processing of ship & debit claims

Discover our self-service facility for warranty claims, shipping discrepancies and return cases

Feel more secure with stronger data protection

We are committed to making this transition as seamless as possible. Your ABB sales representative will be sharing more information going forward and can answer any questions you may have regarding the transition.

Thank you for your cooperation and continued support.
