

ELECTRIFICATION U.S.

Product Life Cycle Announcement

Evolution Switchboards

In accordance with the ABB global strategy this product is in the Life Cycle Management (LCM) Process. For process details please visit [Life Cycle Management](#).

As part of this LCM process, Evolution Series switchboards listed below will be phased out. They will be removed from empower quote in the Jan 26, 2022, empower release. Once the empower update is complete, you will no longer have access to this product in empower selections and will not have the ability to quote new configurations. This means that after the January 26, 2022, empower release, no new quotes for this product can be created. Quotations entered prior to the January release cut off will be valid and available to order until their pricing authorization has expired, or until April 20, 2022, when orders for this product will no longer be accepted. Any Quotes/Orders not released by this time must be re-configured and quoted utilizing the new ReliaGear SB switchboard. Evolution Series switchboards, listed below, will no longer ship after August 31, 2022.

Legacy Product Line (to be replaced)

Replacement Product Line

Evolution Series switchboard

ReliaGear™ SB switchboard

Key replacement product benefits

ReliaGear SB features a more secure, reliable design and groundbreaking Emax 2 & Tmax® XT circuit breakers to dramatically save time, labor, and cost while helping to ensure greater energy efficiency and reliability.

ReliaGear SB switchboards are a safer, smarter, and more sustainable solution for projects of any size.
