

SALES RELEASE

Sales Release Note:

Date: September 6, 2022

Subject: Type 4X / IP69k Control Panel Mounting Kit for all-compatible drives

Details of Release: ABB's offering of control panel mounting kits for the 380, 580 and 880 series drives has been expanded to include the Type 4X / IP69k control panel mounting kit. The indoor-rated DPMP-08 panel holder is National Sanitation Foundation certified (NSF169) for splash zones. It provides protection from water spray and chemicals in clean room and unfriendly environments and is especially well suited for food processing plants, barns, chicken coops and water treatment plants.

Available Ratings:

Type Code	Frames	Drive type code compatibility
DPMP-08	All	ACS380, ACS880, DCS880
DPMP-08-EXT	All	ACS580
DPMP-08-EXT-Q	All	ACQ580

Note: -EXT variants include CDPI-01 panel bus adapter. Other versions available including the DPMP-09 and versions for HVAC and irrigation.

Orders: First orders can be placed on September 6, 2022

Lead Time: 1 week

Pricing: See Industrial and Water/Wastewater price book released on or after July 1, 2022
