Applications:
• For cable protection systems in a wide range of applications

Features & Benefits:
• Very high impact resistance
• Vibration-proof connection to PMAFLEX Conduitss
• High conduit pull-out strength
• Selectable flange seal included
• Very good chemical properties
• Fits both conduit profiles - fine (T) and coarse (G)

Ingress protection:
• On conduit side:
  IP65 with conduit sealing ring SGO3 (EN/IEC 60529)
  IP50 without conduit sealing ring (EN/IEC 60529)

Materials:
• High-grade, specially formulated polyamide 6
• Flange seal FGO4 made from EPDM
• Flange seal FGO4/01 made from NBR

Compatible with:
• PMAFLEX Pro Conduits
• PMAFLEX Multilayer Conduits
• PMAFLEX Conduits
• PMA Smart Line Conduits

Conforms to:
• EN 45545-2 HL3 (R22 & R23)
• NFPA 130
• UL 94 (V0)
• UL 1696 (UL file E80294)

Weathering resistance:
• Very good UV resistance and weathering characteristics, particularly in black

Colour:
• Black
• Grey

Chemical properties:
• Please refer to www.pma.ch
  (Technical Information / Chemical Resistance)

Environmental properties:
• Free from halogens and cadmium
• RoHS and REACH compliant

Our customer service dept. or local distribution partner will be pleased to help you concerning product availability and lead time.

Can be used outdoors with flange seal FGO4 for standard applications where water proofness and weathering resistance are required. For indoor applications the flanges are available with a special flange seal FGO4/01 for contact with substances like fuels, mineral oils, emulsions etc. Please add „/01” to the order number.

Example: BGG-70 (with FGO4) standard for indoor and outdoor applications
BGG-70/01 (with FGO4/01) optional for indoor applications with special chemical requirements
For increased ingress protection up to IP68, please refer flange type BGOV

**Fire performance NFPA 130:**

- Flammability: compliant
- Smoke density: compliant

**Heat and visible smoke:**

- 26.00 M/J/kg

**Smoke emission toxicity:**

- Compliant
- Boeing BSS 7239

**Smoke emission toxicity:**

- Compliant
- Bombardier SMP 800-C

### Content of delivery:

- PMAGRIP flange
- Flange sealing (FGO4 or FGO4/01)
- Conduit sealing (SGO3)

### Assembly instructions:

- The enclosed Conduit sealing ring should be placed into the first corrugation of the conduit allowing a max. IP rating of up to IP65. Without the Conduit sealing ring an IP50 rating will be achieved on the conduit side.

- Threaded bore holes for mounting screws should be sealed separately during mounting (commercial sealing solvents).

Please consider the appropriate assembly instructions on www.pma.ch
