Say hello to the all-new ABB Novolink™ smart modules

Advanced digitalization, simplified

100% Data availability
Contact your motor solutions to the cloud, effortlessly

Complete connectivity
Devices with or without sensor module can be connected

Explore the benefits
- Reduce downtime
- Enable preventive maintenance
- Access relevant parameters
- Increase efficiencies
- Devices cover a wide application range, reducing auxiliaries

A world of low voltage applications
- Pump
- Conveyors
- Lighting
- HVAC
- Fans
- Hoisting
- Agitator
