

BUSINESS AREA: PROCESS AUTOMATION

# ABB Process Industries

## Facts & Figures

ABB's Process Industries division is a world leader in automation, electrification, and digitalization for the mining, metals, pulp and paper, cement, battery manufacturing, food and beverage, and data center industries. Our solutions are tailored to the specific needs of each sector and are backed by our extensive domain expertise. Our offerings also include comprehensive lifecycle services, ensuring optimal performance and longevity for our customers.

With operations in over 50 countries and 10 manufacturing centers, we serve our customers directly and through a network of OEMs, EPCs, system integrators, and distributors. Our commitment to innovation and customer satisfaction has made ABB Process Industries the trusted partner for customers around the world.

### Revenues

\$1,250–1,750 million

### Market position

No. 1 in Distributed Control Systems  
No. 1-2 in mining, metals, pulp and paper

### Key market drivers and trends

- Sustainability: helping customers to reduce energy consumption and decarbonize their full operations
- Advancements in technology enables us to conduct remote commissioning and servicing which reduces carbon footprint and facilitates global knowledge sharing
- Digitalization: The adoption of digital technologies such as automation, data analytics, and the Internet of Things (IoT) is transforming industries, enabling companies to improve efficiency, reduce costs, and enhance safety and security.
- Paper replacing plastics; graphic paper declining, while packaging and tissue growth driven by eCommerce and tissue adoption

- 
- Green steel production is gaining momentum as industries aim to reduce their carbon footprint and transition towards a more environmentally conscious future.
  - Battery manufacturing investments growing to support transition to e-mobility
  - Safety and security remains a top priority across our industries, using equipment, design, control platforms, quality control systems, digital and cyber security solutions
-
