Emission Designator: **77M0FXD**

RF Output Rating: **1.11 mW conducted**

Antenna Information: **printed flex-film pattern antenna**

Cetecom Registration No: **4-4982/06**

Certification of equipment means only that the equipment has met the requirements of the above noted specification. License applications, where applicable to use certified equipment, are acted on accordingly by the issuing office and will depend on the existing radio environment, service and location of operation. This certificate is issued on condition that the holder complies and will continue to comply with the requirements of the radio standards specifications and procedures issued by Industry Canada.

This certificate is issued on condition that the holder complies and will continue to comply with the requirements of the radio standards specifications and procedures issued by the Department.

The Bureau will record the details of all certifications in the Department's Radio List (REL). Certified equipment shall not be distributed, leased, sold, offered for sale in Canada before the details of this certification have been added to the REL.
