Please note that there is the difference between ABB Headquarters and ABB Switzerland.

- In order for invoice to be billed to the correct company, we kindly request you to refer to our Purchase Order (PO) to get the information. Please refer to **Appendix B** to understand how to view our Purchase Order information.
In case no invoicing address is provided, invoice have to be sent to the email address for respective ABB company given above.
- If you are sending PDF invoices via email, please ensure you comply to the following requirement:

- The file size of the email should not be more than 10 MB in size.
- **One (1) email** is to contain only **one(1) invoice** as one single PDF File. [invoices in word/excel will be rejected]
- Supporting documentation should be in the same PDF as the invoice, the **invoice being the first page**. Please note that supporting documents in word or excel should not be attached in the same email with the invoice. Entire email will be rejected due to unacceptable file format.
- Zipped file or email attached in another email are not acceptable.
- If the paper invoice is scanned, the invoice image must be of at least 300 dpi resolution, black and white.
- The invoices billed to ABB are to be emailed only once. Do not use the above email addresses in copy of any correspondence or for sending the statement of accounts/quotations etc., all messages will be ignored.
- PDF are not secured or protected by a password

All invoices submitted will be either confirmed or rejected by ABB with an acknowledgment email. For this reason, we request if you are sending invoices from an automated or “no-reply” mailbox, please include an active email (attended by human).

When to send invoices to ABB:

Invoices should only be issued when goods risk and entitlement have been transferred to ABB, or when services have been completed based on agreement with ABB.

In order for ABB to process your invoices as early as possible, we do not recommend suppliers to consolidate the invoices and send in as a bulk as this will delay the processing time.

Information required on Suppliers' invoices:

Listed in **Appendix A** is the set of information needed to be present on the invoice copy to ABB. Other than the standard legal requirement information, please note that ABB enforced **No PO No Pay** and would require the following information to be indicated on the invoice to avoid rejections.

- **ABB Purchase Order number (PO no.) (except special categories)**
- **ABB Reference person**
- **ABB billing address including GBS number**

IMPORTANT:

- We strongly recommend supplier to bill **ONE (1) Purchase Order** in **ONE (1) invoice**. If multiple Purchase Orders is included in one invoice, the invoice processing will take longer time and you will only be paid if only everything is fine.
- Do not deduct credits from invoice. Send credit notes separately

- If you issue a credit note, please indicate the original invoice number referencing to the credit note.
- Any additional costs not reflected on the Purchase Order shall be agreed with ABB prior to issuing the invoice, otherwise the invoice is liable to be rejected by ABB.
