

Course description

G022e

Grey Ice 4100 LV thermal grease Internet course

Course type

Internet course

Course Duration

The course duration is approximately 5 minutes.

Course Goal

The goal of this course is to describe how Grey Ice 4100 LV thermal grease can be applied when changing IGBT modules.

Student Profile

This course is intended for expert level drives service engineers.

Prerequisites

- An Internet connection. The recommended browser is Microsoft Internet Explorer.

Course Objectives

Upon completion of this course, students will be able to:

- Describe the benefits of the Grey Ice 4100 LV thermal grease
- Describe different methods of applying the Grey Ice 4100 LV thermal grease
- Describe where to find the tools and instructions

Main Topics

- Features of Grey Ice 4100 LV thermal grease
- Thickness of the grease layer
- Tools used to apply the grease
- Ordering the tools

Low voltage drives training
