ABB

Spectra molded case circuit breakers and associated equipment

ReliaGear[TM] will replace A-Series Lighting Panelboards, Spectra[TM] Series Power Panelboards, and Spectra[TM] Series Switchboards

With the launch and continued success of the ReliaGear[TM] line of low voltage power distribution equipment the A-Series[TM] Lighting Panelboards[1], Spectra Series Power Panelboards[1], and Spectra Series Switchboards[1][2] will be phased out.

These legacy product families will be removed from empower quote in the May 19th, 2021 empower release. Once the empower update is complete you will no longer have access to these products in empower selections and will not have the ability to quote new configurations. This means that starting May 20, 2021 no new quotes for these products can be created. Quotations entered prior to the May release cut off will be valid and available to order until their pricing authorization has expired or until the August 11th empower release. Starting August 12, 2021 orders for these products will no longer be accepted. Any Quotes/Orders not released by this time must be re-configured and quoted utilizing the new ReliaGear family of products. A-Series[TM] Lighting Panelboards[1], Spectra Series Power Panelboards[1], and Spectra Series Switchboards[1][2] products, excluding exceptions in Appendix A, will no longer ship after December 9, 2021.

Spectra[TM] RMS[TM] molded case circuit breakers:

- Please be advised July 1, 2021 will be the Last Time Buy date for Spectra molded case circuit breakers, accessories, and mounting hardware kits[1]. Any orders requested after July 1, 2021 will be accepted for Spectra molded case circuit breakers, accessories, and mounting hardware kits[1], for available inventory only on a first come first serve basis.
- Prior to the last time buy of Spectra molded case circuit breakers, accessories, and mounting hardware kits[1], on June 30, 2021, all Into Stock (ITS) Pricing and Special Pricing Agreements (SPA) for all customer types will be expired. This means all purchases of Spectra molded case circuit breakers, accessories, and mounting hardware kits, starting on July 1, 2021, will be at BOOK PRICING.
- No special pricing agreement rebates will be honored for end-customer sale dates of 7/01/21 or later. Paper work for end-customer purchases prior to 7/01/21 will have the standard 90 days to be submitted.

SACE® Tmax® XT Retrofit Kit for Spectra™ Bolt-on Panelboards/Switchboards are available in empower to meet Spectra field replacement needs.
